INDEX OF AUTHORS.

ALMOUR, RALPH, 996.
Arbuckle, Millard F., 134.
Ashley, Byron J., 605.

BABBITT, JAMES A., 444.
Ballon, Harry C., 1109.
Barnhill, John F., 679.
Beck, Joseph C., 349.
Birsner, Louis J., 1045.
Bulson, Albert E., 1039.
Bulson, Eugene L., 1039.
Bunch, C. C., 1.

CAMPBELL, EDWARD H., 144.
Carmack, John W., 75.
Carter, William W., 199-578-696.
Coates, George M., 398.
Coffin, Lewis A., 641.
Connor, Charles E., 204.
Costen, James B., 1074.

DABNEY, VIRGINIUS, 527.
Dean, L. W., 670.
Dimond, Waldo B., 593.
Dixon, O. Jason, 1137.
Dunn, A. D., 733.
Dunn, Lowell, 733.
Dworetzky, Julius P., 1111.

ERSNER, MATTHEW S., 1125.

FEINBERG, SAMUEL M., 720.
Fenton, Ralph A., 493.
Fisher, James A., 432.
Fisher, Lewis, 961.
Frank, Ira, 128.
Frazier, Charles H., 974.
Frick, Wesley V., 605.

GARDNER, W. JAMES, 974.
Gifford, Sanford R., 468.
Goldsmith, Perry G., 115.
Goodyear, Henry M., 463.
Grove, R. C., 1.

HADJOPOULOS, L. G., 1017.
Hansel, French K., 510.
Hart, V. K., 636.
Helwig, Ferdinand C., 1137.
Hill, Frederick T., 595.
Hurd, Lee M., 966.

IGLAUER, SAMUEL, 56.
Imperatori, Charles J., 458.

JANSE, H. M., 99.
Jarvis, D. C., 584.

KING, JAMES J., 184.
Kopetzky, Samuel J., 996.
Kramer, Rudolph, 689.
Kreutz, George C., 987.

LANGSTON, F. V., 125.
Laszlo, Alexander F., 1161.
Lawson, Lawrence J., 159-792.
Linton, C. S., 779.

McGREGOR, GREGOR, 115.
McNally, W. J., 248.
Merrill, H. G., 753.
Mullin, W. V., 125.
Myers, J. L., 807.
Myerson, Mervin C., 563.

NASH, C. STEWART, 769.
Neff, Eugene, 593.
Nemours, Paul R., 542, 1086.
Nikolsky, A. M., 701.
Novak, Frank J., 1033.

OAKS, L. W., 753.

PAINTER, ALBIN M., 815.
Pearlman, S. J., 174-502.
Phelps, Kenneth A., 364.
Pohlman, A. G., 927.
Potter, Allen B., 192.
Potts, John B., 733.
Pratt, John A., 634.
Pressman, Joel Jay, 1125.
Proetz, Arthur W., 87.

RICHARDS, GEORGE L., 169.
Roth, Emanuel, 760.

SALINGER, SAMUEL, 502, 1083.
Sauer, W. E., 66.
Seydell, Ernest M., 152.
Skillern, Ross Hall, 398-663.
Smiley, William, 128.
Sponsler, Marshall B., 743.
Stein, Simon, 1155.

TROTTER, HOMER A., 384.

WEIH, ELMER P., 533.
Werner, Cl. F., 104.
Williams, C. B., 1129.
Wolff, Dorothy, 1045.
Wood, V. V., 111.

YANKAUER, SIDNEY, 481.

INDEX OF TITLES.

ABSCESS of the Frontal Lobe Following Infection of the Frontal Sinus. R. H. Skillern and G. M. Coates, 398.

Abscess, Nasopharyngeal: A Report of One Hundred Fifty-five Cases. S. Yankauer, 481.

Abscess, Retropharyngeal, of Otogenic Origin. S. J. Pearlman, 174.

Abscesses, Ruptured Into the External Auditory Canal. E. H. Campbell, 144.

Abstracts of Current Articles, 296, 647, 831, 1167.

Acromegalia, Present Findings in a Case Operated on by the Hirsch Method Seventeen Years Ago. W. E. Sauer, 66.

Adenoma of Bronchus. R. Kramer, 689.

Allergy and Its Relation to the Inflammatory Diseases of the Paranasal Sinuses. F. K. Hansel, 510.

Allergy (Nasal) as Related to Hay Fever and Hyperesthetic Rhinitis. S. M. Feinberg, 720.

Allergic Reactions, Sudden, Localized in the Antrum. A. W. Proetz, 87.

Alveolar Fistula Closed by Scar Tissue Formation. E. P. Weih, 533.

Alveolar Processes; Osteoplastic Resection According to Kocher. A. M. Nikolsky, 701.

Anesthetic (Local): Novocain in Nasal Surgery. E. Neff and W. B. Dimond, 593.

Antrum, Sudden Allergic Reactions Localized in. A. W. Proetz, 87.

BACILLUS Proteus Vulgaris Infection in Secondary Mastoiditis, Following Tonsillectomy, and in Radium Implantation in Tonsils. S. Stein, 1155.

Bacterial Flora of Clinically Normal Nasal Sinuses. C. S. Linton, 779.

Bacteriologic and Cytologic Study of the Maxillary Antrum in Children, with a Clinical Study of 83 Cases. B. J. Ashley and W. V. Frick, 605.

Besredka Theory of Immunity and Its Possible Application in Otolaryngology. F. J. Novak, Jr., 1033.

Blood and Lymphatic Glands, Diseases of, in Relation to Otolaryngology. P. G. Goldsmith and G. McGregor, 115.

Books Received, 304, 1164.

Brain Abscess Complicating Middle Ear Suppuration: Methods of Diagnosis. Lewis Fisher, 961.

Brain Abscess: The Importance of the History in Its Diagnosis. F. T. Hill, 595.

Bronchus: Adenoma. R. Kramer, 689.

Bullet Extracted from Sphenoid Bone. S. Salinger, 1083.

CAUSE and Treatment of Cicatricial Stenosis of the Larynx. M. F. Arbuckle, 134.

Clinical Applications of the Physiology of the Internal Ear. W. J. McNally, 276.

Closure of Alveolar Fistula by Scar Tissue Formation. E. P. Weih, 533.

Congenital Anomalies of the Esophagus with a Report of Nine Cases. K. A. Phelps, 364.

Conservatism in the Treatment of Nasal Accessory Sinus Infections. W. W. Carter, 578.

Consideration of Diseases of the Blood and Lymphatic Glands in Relation to Otolaryngology. P. G. Goldsmith and G. McGregor, 115.

Cunningham, Henry Mortimer, 830.

DEAFNESS, Hereditary, Due to Bilateral Acoustic Tumors. A Clinical Study and Field Survey of a Family of Five Generations With a History of Bilateral Deafness in Thirty-eight Members. W. J. Gardner, Chas. H. Frazier, 974.

Deviation of the Septum in Children; Relief of Nasal Obstruction. W. W. Carter, 199.

Diagnostic Problem in Orbital Cellulitis. J. A. Babbitt, 444.

Diphtheria, Laryngeal, V. K. Hart, 636.

Diphtheria Originating in and Limited to the Trachea and Bronchi. A. E. Bulson, E. L. Bulson, 1039.

EAR, Nose and Throat Conditions; Laboratory Aids. C. E. Connor, 204.

Editorial, 291.

Electrocoagulation and Pathology of the Inferior Turbinate. J. C. Beck, 349.

Electro-Surgical Measures in the Upper Respiratory Tract. M. B. Sponsler, 743.

Esophagus, Congenital Anomalies. K. A. Phelps, 364.

Etiology of Sinus Disease; Noninfectious Factors. R. A. Fenton, 493.

FACIAL Paralysis, with Scissors Point Embedded in the Inner Tympanic Wall. V. V. Wood, 111.

Foreign Body in the Peritonsillar Region. A. F. Laszlo, 1161.

Frontal Sinus, Pneumocele Probably Secondary to Blastomycosis. S. Iglauer, 56.

HEADACHE, Right Sided, Relieved by Resection of the Left Sphenoid. (Anatomic Variation of Sphenoid Sinuses.) J. B. Costen, 1074.

Hearing Air and Bone Transmitted Sounds in Rinne Negative and Rinne Positive Cases. A. G. Pohlman, 927.

History: Its Importance in the Diagnosis of Brain Abscess. F. T. Hill, 595.

Hyperpyrexis (Fatal) Following Tonsillectomy. S. J. Pearlman and S. Salinger, 502.

INFANTS, Gastrointestinal Disturbance with Mastoiditis. J. W. Carmack, 75.

Insulin: Its Use in Postoperative Mastoiditis with Prolonged Drainage. M. S. Ersner, J. J. Pressman, 1125.

Intermittent Absence of Leucocytosis with Acute Mastoiditis. I. Frank and W. Smiley, 128.

LABORATORY Aids in Ear, Nose and Throat Conditions. C. E. Connor, 204.

Labyrinth: A Discussion in a General Way. C. F. Werner, 104.

Laryngeal Diphtheria. V. K. Hart, 636.

Larynx. The Cause and Treatment of Cicatricial Stenosis. M. F. Arbuckle, 134.

Larynx, Contralateral Metastasis from Malignant Tumor of the Breast. W. V. Mullin and F. V. Langston, 125.

Light Attachment for Syringe to be Used for the Injection of Iodized Oil and Medicaments Into the Lungs by the Aspiration Method. H. C. Ballon, 1109.

Lung Immobilization in the Treatment of Pulmonary Tuberculosis and Its Influence on the Larynx. J. P. Dworetzky, 1111.

Lymphatics of the Head and Neck, Their Surgical Anatomy. H. A. Trotter, 384.

MACROGLOSSIA With an Associated Micrognathia Causing Respiratory Difficulty. H. M. Janse, 99.

Malignant Tumor of the Breast with Metastasis to the Opposite Side of the Larynx and Contralateral Vocal Cord Paralysis. W. V. Mullin and F. V. Langston, 125.

Mastoiditis: Bacteriologic Differentiation and Specific Etiology. L. G. Hadjopoulos, 1017.

Mastoiditis with Gastrointestinal Disturbance in Infants. J. W. Carmack, 75.

Mastoiditis with Intermittent Absence of Leucocytosis. I. Frank and W. Smiley, 128.

Mastoiditis (Surgical) Complicated by Latent Meningitis. V. Dabney, 527.

Mastoiditis: The Use of Insulin in Postoperative Cases with Prolonged Drainage. M. S. Ersner, J. J. Pressman, 1125.

Mastoid Operation: A Modified Technic. E. Roth, 760.

Maxillary Antra as Foci of Infection. C. B. Williams, 1129.

Maxillary Antrum in Children: A Bacteriologic and Cytologic Study. B. J. Ashley and W. V. Frick, 605.

Maxillary Sinusitis, Treatment of. J. J. King, 184.

Meningitis (Latent) Complicating Surgical Mastoiditis; the Significance of Headache; Limitation of the Pediatrician's Attendance. V. Dabney, 527.

Method (Simple) of Keeping Sinus X-Ray Records. J. A. Pratt, 634.

Morphology of the Nasal Cavities of Amphibia. Studies on the Accessory Nasal Sinuses. P. R. Nemours, 542.

Myringotomy: A Study of the Complications. J. L. Myers, 807.

NASAL Allergy as Related to Hay Fever and Hyperesthetic Rhinitis. S. M. Feinberg, 720.

Nasal Deformities; Their Prevention. W. W. Carter, 696.

Nasopharyngeal Abscess: A Report of One Hundred Fifty-five Cases. S. Yankauer, 481.

Noninfectious Factors in the Etiology of Sinus Disease. R. A. Fenton, 493.

Novocain Applied Topically as a Local Anesthetic in Nasal Surgery. E. Neff and W. B. Dimond, 593.

Nutritional Disasters and the Upper Respiratory Tract. D. C. Jarvis, 584.

OPERATIVE Procedures for Chronic Hyperplastic Sinusitis in Asthma: A Preliminary Report. J. B. Potts, A. D. Dunn, L. Dunn, 733.

Ophthalmology and Otorhinolaryngology; Some Notes on Proteins as They Apply. S. R. Gifford, 468.

Orbital [illegible]is, The Diagnostic Problem. J. A. Babbitt, 444.

Osteoplastic Resection of Both the Alveolar Processes According to Kocher. A. M. Nikolsky, 701.

Otitis Media, Chronic, Followed by Thrombophlebitis. L. J. Birsner, D. Wolff, 1045.

Otitis Media in Infancy, Some Effects in Later Life. C. C. Bunch and R. C. Grove, 1.

Otitis Media, Tympanogenous Labyrinthitis Resulting from Its Early Stages. E. M. Seydell, 152.

Otosclerosis; A Study. C. S. Nash, 769.

PALATAL Palpebral Reflex. C. J. Imperatori, 458.

Pathology and Intramural Electrocoagulation of the Interior Turbinate. J. C. Beck, 349.

Pediatric Conditions; The Relationship With Infections of the Upper Respiratory Tract. L. W. Dean, 670.

Petrous Pyramid Suppuration: Pathology, Symptomatology and Surgical Treatment. S. J. Kopetzky, R. Almour, 996.

Physiology of the Internal Ear and Some Clinical Applications. W. J. McNally, 262.

Physiology of the Utricle and Its Association with Posture. W. J. McNally, 248.

Pneumocele of the Frontal Sinus, With Report of a Case, Probably Secondary to Blastomycosis. S. Iglauer, 56.

Postdiphtheritic Paralysis. A. B. Potter, 192.

Preparation of Papers on Medical Subjects: How to Make Them Interesting as Well as Instructive. G. L. Richards, 169.

Present Findings in a Case of Acromegalia Operated on by the Hirsch Method Seventeen Years Ago. W. E. Sauer, 66.

President's Address. L. A. Coffin, 641.

Prevention of Nasal Deformities. W. W. Carter, 696.

Proceedings of the American Otological Society, 837.

Proceedings of the Chicago Laryngological and Otological Society, 307, 655, 903.

Proteins as They Apply to Ophthalmology and Otorhinolaryngology. S. R. Gifford, 468.

Psammoma (Brain-Sand Tumor) Removed from the Ethmoid and Sphenoid Area. H. M. Goodyear, 463.

REFLEX, Palatal Palpebral. C. J. Imperatori, 458.

Relationship Between Infections of the Upper Respiratory Tract and Pediatric Conditions. L. W. Dean, 670.

Relief of Nasal Obstruction in Children Due to Deviation of the Septum. W. W. Carter, 199.

Respiratory Difficulty Caused by Macroglossia with an Associated Micrognathia. H. M. Janse, 99.

Retropharyngeal Abscess of Otogenic Origin. S. J. Pearlman, 174.

Richardson, Charles Williamson, 247.

Role of Nasal Accessory Sinus Membrane in Systemic Infections and Toxemias. L. J. Lawson, 159.

Rupture of Abscesses Into the External Auditory Canal. W. H. Campbell, 144.

SCISSORS Point Embedded in the Inner Tympanic Wall, with Facial Paralysis. V. V. Wood, 111.

Sinuses: Chronic Infections. L. M. Hurd, 966.

Sinuses, A Comparative Study of the Bacterial Flora. C. S. Linton, 779.

Sinuses, Allergy and Its Relation to the Inflammatory Diseases. F. K Hansel, 510.

Sinuses, A Plea for More Conservatism in the Treatment of Their Infections. W. W. Carter, 578.

Sinus, Infection of the Frontal, Followed by Enormous Frontal Lobe Abscess. R. H. Skillern and G. M. Coates, 398.

Sinus Studies: The Comparative Morphology of the Nasal Cavities of Reptiles and Birds. P. R. Nemours, 1086.

Sinus Thrombosis, Primary Aseptic. G. C. Kreutz, 987.

Sinus X-Ray Records; A Simple Method of Keeping Them. J. A. Pratt, 634.

Sinusitis (Chronic Hyperplastic): Rational Operative Procedures in Asthma. J. B. Potts, A. D. Dunn, and L. Dunn, 733.
Skillern, Ross Hall, 825.
Sphenoidal Sinus Syndrome. L. W. Oaks and H. G. Merrill, 753.
Studies on the Accessory Nasal Sinuses. The Comparative Morphology of the Nasal Cavities of Amphibia. P. R. Nemours, 542.
Surgical Anatomy of the Lymphatics of the Head and Neck. H. A. Trotter, 384.
Systemic Infections and Toxemias: The Role of the Nasal Accessory Sinus Membrane. L. J. Lawson, 159.

TEMPUS FUGIT. R. H. Skillern, 663.
Thrombophlebitis Following a Case of Chronic Otitis Media. L. J. Birsner, Dorothy Wolff, 1045.
Thrombophlebitis of the Internal Jugular Vein as a Complication of Tonsillitis. L. J. Dixon, F. C. Helwig, 1137.
Thymus Gland Hypertrophy and Its Significance to the Otolaryngologist. J. A. Fisher, 432.
Tonsillectomy Followed by Hyperpyrexis (Fatal). S. J. Pearlman and S. Salinger, 502.
Tonsillectomy: Important Points. A. M. Painter, 815.
Tonsillitis Complicated by Thrombophlebitis of the Internal Jugular Vein. O. J. Dixon, F. C. Helwig, 1137.
Tracheotomy: Some Observations and Experiences. M. C. Myerson, 563.
Treatment of Maxillary Sinusitis. J. J. King, 184.
Tympanogenous Labyrinthitis Resulting From an Acute Otitis Media in Its Early Stages, or in Its Serous Stage. E. M. Seydell, 152.

UPPER Respiratory Disease; What Climate? J. F. Barnhill, 679.
Upper Respiratory Tract as a Guide to Nutritional Disasters. D. C. Jarvis, 584.
Upper Respiratory Tract Infections and Their Relation to Pediatric Conditions. L. W. Dean, 670.
Upper Respiratory Tract; Some Practical Points in the Use of Electro-Surgical Measures. M. B. Sponsler, 743.

UTRICLE, Physiology of. W. J. McNally, 248.

VERTIGO as a Symptom: Some Diagnostic Considerations. L. J. Lawson, 792.

WHAT Climate for Upper Respiratory Disease? J. F. Barnhill, 679.
